SECTION 3 State Plan Development and Statewide Goals

For the purposes of the CARES Act, the Office of Community Services accepts the data submitted by the state in Section 3 of the most recently submitted CSBG State Plan (as dated in Section 1 of this Supplemental State Plan).

The following additional information is requested for CSBG CARES supplemental funding.

3.1. State Plan Goals: Describe the state's specific goals for state administration of CSBG as it directly relates to the CSBG CARES funding.

Note: For examples of "goals," see State Accountability Measure 1Sa(i).

The State of Missouri, Department of Social Services will pursue the following goals for the Community Services Block Grant (CSBG) Program: 1) Issue eligible entities contracts to distribute a minimum of 90% of CSBG CARES funding. 2) Develop and implement strategies to extend partnerships among state agencies and other entities to enhance the effectiveness of the community action network to achieve common goals as related to CSBG CARES. 3) Collaborate with the eligible entities and training/technical assistance providers to develop a training and technical assistance plan focused on increasing capacity to fulfill the mission of community action to address the impacts of COVID. 4) Perform annual assessment of the CSBG Organizational Performance Standards for eligible entities, providing technical assistance for any agency that does not meet or falls below 100% compliance. 5) Integrate CSBG CARES into regular CSBG monitoring of entities at least every three years. The Department will issue integrated monitoring reports within 60 days of completion. 6) Attend CSBG related training and conferences for professional development opportunities to assist staff with staying informed on the most recent developments impacting the network. 7) Collect and analyze data for purposes of strengthening and improving programs and achieving measurable outcomes. 8) Promote the accomplishments of the Missouri community action network. 9) Distribute up to 10% of the CARES award as discretionary funding to organizations that support the goals and purposes of CSBG.

3.2. Eligible Entity Involvement: Describe the specific steps the state took in developing the CSBG CARES Supplemental State Plan to involve the eligible entities

A variety of steps were taken to develop the Missouri CSBG CARES Supplemental State Plan to involve the eligible entities. These steps included telephone calls, email and one on one consultations with agencies to discuss particular projects. As the DSS received information from OCS and national partners, information was provided with the CSBG partners to ensure transparency and that we were all receiving the same information at the same time. We estimated the amount of CARES CSBG Supplemental award funding and advised agencies of their prorated share. Prior to issuance of final guidance on state plan amendment requirements, agencies were also encouraged on multiple occasions to work with their local community partners to make preliminary plans for funding. The State offered that agencies could provide preliminary work plans and budget documents to DSS for review and feedback on allowability under CSBG guidelines, OMB and the CSBG Performance Management Framework. The state association, Missouri Community Action Network (MCAN) also administered two online surveys to the CAAs, collecting information pertaining to the impacts of COVID and areas of planning and support needed. The first survey in April 2020 was at MCAN's direction and the second survey in late May was as at the request of the DSS for updated and additional information. Following the release of CARES CSBG State Plan Amendment information on July 15, 2020, a request was sent to the CAAs to provide CARES related updates to the assurances identified in the 2020 State Plan. Feedback has been compiled and is reflected in the CARES CSBG State Plan Amendment.

SECTION 4 CSBG Hearing Requirements

For the purposes of the CARES Act, the Office of Community Services accepts the data submitted by the state in Section 4 of the most recently submitted CSBG State Plan (as dated in Section 1 of this Supplemental State Plan).

The CSBG CARES Supplemental State Plan is considered to be a plan revision, consistent with Section 676(e) of the CSBG Act (Revisions and Inspection).

4.1. Public Inspection: Describe how the CSBG CARES Supplemental State Plan has been made available for public inspection within the state to facilitate public review and comment.

The DSS invited the public to review and comment on the draft CSBG CARES Supplemental State Plan using the following means: A) The DRAFT plan was posted on the Departments website for public inspection <https://dss.mo.gov/fsd/csbg/> from August 17, through August 28, 2020. The public comment period was open for 10 business days. B) The 19 eligible entities received an invitation via email to provide comment on the draft state plan. C) Information was provided to the Departments legislative liaison for distribution to house and senate contacts. D) Various social media posts; E) sent notices through the Departments various listserv, F) requested all Community Action agencies share with local partners, G) media release. For members of the public without internet access, paper copies of the plan amendment are provided upon request. *Since many offices physical locations are closed to the public, notices were not placed on various bulletin boards as is typically done. The Department received 110 responses during the public comment period. The majority of the public comments asked the Department to include the FPL to 200%. However, none of the comments provided data driven information specific to Missouri, on why this recommendation should be implemented. No agency provided data, statistics or an estimate of the number of additional Missourians that could be served if the FPL was increased.

Note:

For the purposes of this CSBG CARES Supplemental State Plan, a public hearing is not required. However, the state should notify eligible entities and other known stakeholders that this plan is available for a public review and comment, and post publicly, e.g., on the state's public website, for a reasonable timeframe.

Although, a reasonable timeframe is not specified in the statute, for purposes of the CSBG CARES Supplemental State Plan, OCS recommends a minimum of 10 business days.
